

**STRIVE Call 2007 – Water Quality & the Aquatic Environment**  
**List of successful submissions**

Theme	Proposal Ref	Title	Lead Organisation	Name
Project W1.1	2007-W-CD-a	<i>Assessing, modelling and managing water and contaminant movement along pathways (underground and over-ground) from the land surface to aquatic receptors, including the roles of contaminant transport and attenuation.</i>	Queen's University Belfast	Ray Flynn
EPA/COFORD	2007-W-CD-b	<i>Assessment of the impacts of forest operations on the ecological quality of water (FORIMPACT)</i>	University College Dublin	Michael Bruen & Mary Kelly-Quinn
Project W1.3	2007-W-MS-e	<i>Distribution, structure and functioning of subterranean fauna within Irish groundwater systems</i>	University of Ulster	Joerg Arnscheidt
Project W1.4	2007-W-MS-c	<i>Alien invasive species in Irish water bodies</i>	Queen's University Belfast	Christine Maggs

---

Project W1.5	2007-W-LS-a	<i>Monitoring Criteria for Priority Chemicals Leading to Emission Factors</i>	Dublin City University	Fiona Regan
--------------	-------------	---	------------------------	-------------

---

Project W2.1	2007-W-MS-f	<i>An Effective Framework For assessing aquatic ECosysTem responses to implementation of the Phosphorus Regulations (EFFECT)</i>	Trinity College Dublin	David Taylor
