2. Soil Monitoring

Nothing from this site is disposed of to land. Wash water is mixed with broiler litter and removed by McCartney Contractors Ltd. Therefore soil monitoring is not necessary.

3. Surface Water Monitoring

Enclosures ‘SW’.

4. Ground Water Monitoring

Enclosures ‘GW’.

Please note that only one ground water source is now used.

5. Tank Testing and Inspection Report

Tanks last tested in 2006. This is a 5-year requirement.

6. Environmental Incidents Summary

There were no environmental incidents during 2009.

7. Complaints Summary

No complaints were received during 2009.

8. Site Changes

No site changes during 2009.
