Customer Farmland Details
10th February 2011

Re: Greenfield Foods Ltd. ~ Fertiliser Plan 2011

Dear Sir/Madame,

I refer to the attached customer list submitted on behalf of the above mentioned client.

The fertiliser plans for all farms referenced in the customer list have been completed on the basis of the most recent, N and P statement/other information such as stock numbers and REPS plan information provided by the customer farmer and/or, a combination of these where applicable, in line with the requirements of S.I. 610 of 2010. This list may be revised with new customers/updated information throughout 2011.

The customer list outlines all the required summary details and any additional information required as per the I.F.A. / E.P.A. agreement will be maintained on site.

In my professional opinion animal manure may be used to fertilise these farmland areas and the application of poultry manure from this farm to these customer farmers, in the quantities identified, and in a manner that complies with the code of good agricultural practice and European Communities (Good Agricultural Practice for Protection of Waters) Regulations, 2010 (S.I. No. 610 of 2010) will not cause and is not likely to cause significant environmental pollution.

Should you require any additional information please do not hesitate to contact me.

Yours Sincerely,

[Signature]

F. Fay B.Agr.Sc.

Green Field Foods,
Smithboro,
Co Monaghan.

29th July 2008

To Whom It May Concern:

We wish to confirm that we have agreed to accept and dispose of dead poultry from the above named individual on a regular basis. The dead poultry are contained in 240 litre or 660 litre wheelie bins. Our plant at Nobber, which was custom built on a green field site in 1989 is fully equipped with a modern effluent system, which is regularly monitored by the E.P.A. under IPC licence no. P0037-03. We pride ourselves on having a good reputation in the Rendering Industry, and we have been certified under EU Directive 1774/2002, which governs the industry.

If you require any further assistance, please do not hesitate to contact me.

Yours faithfully,

Feed Details
31st July 2009

Greenfield Foods Ltd.,
Mullandovagh,
Smithboro,
Co. Monaghan.

Attn: John Moher

Dear John,

Following your phone conversation today, I confirm that feed for your proposed new Enriched Cage Poultry Laying Unit will be fed at an average of 118gm per head per day over the full laying cycle which, all going well, should be 52 weeks of lay.

Four feeds will be on offer for the unit during its full cycle of lay: 174 or E163 H.T. Layers 1st Stage from receiving Point Of Lay Pullets at 15 weeks of age for 15 weeks, depending on bodyweight size followed by E156 H.T. Layers 2nd Stage for production from 33 weeks laying to 55 weeks of age, and then E157 H.T. Layers to end of lay with oyster shell to assist with shell quality. All diets will be heat-treated 80°C for 4 minutes to pasteurise feed to reduce bacteria and salmonella. The feed will contain all vegetable ingredients with no fish meal or meat and bone so that there is no risk of B.S.E. contamination and will contain phytase enzymes to reduce the excretion of phosphorus by up to 30%, formulated at a reduced crude protein level (reducing the nitrogen content by up to 15%). This is achieved by using Synthetic Amino Acids to balance the nutritional requirement of the bird.

Should you require further information please contact the undersigned.

Yours sincerely,

Michael J. Ennis.

General/Mixed Waste Disposal
Waste Management (Collection Permit) Regulations, 2001 (as amended)

WASTE COLLECTION PERMIT

Permit Register Reference Number WCP MH2005/89C

Meath County Council being a nominated authority under Section 34(1)(aa) of the Waste Management Acts 1996 to 2007, having carried out a review of Waste Collection Permit, Ref. No. MH 2005/89B has

[by Managers Order Ref. No. 175/2008 dated 31st March 2008]

granted an amended Waste Collection Permit to: Exomex Ireland Ltd., t/a McElvaney's Waste & Recycling

herein after called the Permit Holder of: Corraghan, Monaghan, Co. Monaghan subject to the attached schedule of conditions.

This Waste Collection Permit and attached conditions supersedes the previous Waste Collection Permit (WCP/MH/2005/89B)

Meath County Council may at any time review, and subsequently amend the conditions of, or revoke this permit. Meath County Council shall review this permit at least once in each period of two years (or as otherwise required by regulation) after the date on which the permit was granted or last reviewed, as the case may be.

The Permit Holder is authorised by this permit to collect specified waste type(s) using vehicle(s) specified in the following local authority areas:

Cavan County Council
Louth County Council
Meath County Council
Monaghan County Council

Signed: __________________________
Director of Services

Date: __________________________

Page 1 of 21 WCP MH2005/89C
REASON FOR THE DECISION

Meath County Council is satisfied, on the basis of the information available, that subject to compliance with the conditions of this permit, the activity will not cause environmental pollution and the grant of this permit is in accordance with the objectives of the North East Region Waste Management Plan and the National Hazardous Waste Management Plan.

In reaching this decision, Meath County Council has considered the application and supporting documentation received from the applicant and valid submissions received from the relevant local authorities and other parties.

INTERPRETATION

All terms in this permit should be interpreted in accordance with the definitions in the Waste Management Acts 1996 to 2007 (the Act), and its associated regulations.
CONCLUSIONS

1. SCOPE OF PERMIT.

1.1 The permit holder may collect the wastes specified in condition 1.2 in the local authority areas of Cavan, Louth, Meath and Monaghan.

1.2 The permit holder shall only collect such wastes as have been notified in writing to Meath County Council and subsequently agreed, which are listed in Appendix A to this collection permit or such later revision of the said Appendix as Meath County Council may issue.

1.3 The permit holder shall notify Meath County Council in writing of any proposed changes in waste collection activities and shall obtain written approval from Meath County Council prior to these changes occurring.

1.4 This permit and any condition imposed therein shall not relieve the permit holder of any statutory obligations under any other enactment whatsoever.

1.5 This permit is non-transferable.

2. MANAGEMENT OF THE WASTE COLLECTION ACTIVITY.

2.1 The permit holder shall ensure that where waste collected under this collection permit is transferred to a facility for the purpose of a recovery or disposal activity in respect of which section 39(1) of the Act applies –

(i) there is in force a waste licence or a waste permit in relation to the carrying on of the activity concerned at that facility, or

(ii) an application for such licence or permit has been made to, and is under consideration by, the Agency or relevant local authority and the activity concerned may be lawfully carried on pending a decision in relation to the said application.

2.2 The permit holder may not transfer waste to a facility under condition 2.1 of this collection permit unless the waste activity at that facility is authorised under:

(i) Section 39(1) of the Act, in the case of a facility subject to licensing, or

(ii) Article 4 of the Waste Management (Permit Regulations), 1998 in the case of an activity specified in Part I or Part II of the First Schedule of the said Regulations.

Note: An authorised waste management facility does not include a facility for which a licence/permit has been revoked or a licence/permit has not yet been granted for applications made after the prescribed date.

2.3 The permit holder shall only transfer waste to the facilities that have been notified in writing to Meath County Council and subsequently agreed, which are listed in Appendix B to this collection permit or such later revision of the said Appendix as Meath County Council may issue and to no other facilities whatsoever.
2.4 If the permit holder proposes to transfer waste to facilities other than those which were previously agreed with Meath County Council, the permit holder shall, a minimum of ten working days prior to use of these facilities, submit the following details in writing for the written agreement of Meath County Council:

(i) Origin of waste material;
(ii) Description of waste including European Waste Catalogue (EWC) code;
(iii) Location, ownership details, and contact number of the facility;
(iv) Waste permit or license details of the facility;
(v) Written confirmation from the operator of the facility that the said waste will be accepted there.

2.5 The permit holder shall carry or cause to be carried a copy of this collection permit at all times on each vehicle which is used for the purposes of the activity to which the collection permit relates.

2.6 The permit holder shall carry or cause to be carried a copy of the latest revision of all Appendices issued by Meath County Council at all times on each vehicle which is used for the purposes of the activity to which the collection permit relates.

2.7 The permit holder shall take steps to ensure that all, or a specified proportion of waste collected by the permit holder, or of any class or classes of such waste, is segregated, treated or recovered, in such manner as may be specified by Meath County Council.

2.8 Where any local authority have made bye-laws under section 35 of the Act the permit holder shall not collect waste in the functional area of the said local authority unless it has been presented in accordance with the requirements of the said bye-laws.

2.9 Where household or commercial waste has been segregated prior to collection in accordance with a bye-law referred to in condition 2.8 or by Regulation, the permit holder, if collecting the recyclable fraction of the waste, shall ensure that this fraction is separately collected in its entirety, kept free of contamination, and transferred to a suitable recovery facility in accordance with the said bye-law or Regulation. Similarly, biodegradable waste if required to be segregated and separately collected, shall be transferred to a suitable biodegradable waste treatment facility.

2.10 The permit holder shall identify all hazards associated with the waste being collected, and shall be familiar with best practice regarding its safe movement and handling and shall adopt all necessary, reasonable and practicable safety measures accordingly.

2.11 The permit holder shall have in place a documented Emergency Response Procedure (ERP), which shall address any emergency incident that may arise. This procedure shall include for an emergency response unit, replacement vehicles, clean-up equipment, etc in order to minimise the effects of the emergency on the environment. The permit holder shall maintain a copy of the ERP at the principal place of business of the permit holder.
2.12 The permit holder shall ensure that all operatives employed in the waste collection activity are familiar with the conditions of this collection permit and the ERP.

2.13 The permit holder shall clean up immediately any spillage of waste, which occurs in the course of the collection operation, in a manner, which will not cause environmental pollution. The permit holder shall carry an emergency spillage kit on each vehicle listed in appendix C, at all times, to deal with minor spillages.

2.14 The permit holder shall not cause environmental pollution during the course of the waste collection activity to which this permit relates.

3. VEHICLES, SKIPS AND RECEPTACLES.

3.1 The permit holder shall only use the vehicles as have been notified in writing to Meath County Council and subsequently agreed, which are listed in Appendix C to this permit or such later revision of the said Appendix as Meath County Council may issue, for the purposes of the activity to which this collection permit relates.

3.2 All vehicles used by the permit holder for the purposes of the activity to which this collection permit relates shall be fit for purpose and maintained in accordance with the manufacturers' recommendations.

3.3 All vehicles used for purposes of the activity to which this collection permit relates shall be washed down as required in an appropriate manner and at an appropriate facility so as not to result in environmental pollution.

3.4 Each vehicle used for the purposes of the activity to which this collection permit relates and that is listed in Appendix C of this collection permit shall be marked with the following information in clearly legible indelible lettering at least 75 millimetres high:
   (i) Name of the permit holder;
   (ii) Telephone number of the permit holder.

3.5 Each skip, tanker, trailer or container used for the purposes of the activity to which this collection permit relates shall be marked on at least two sides with the following information in clearly legible indelible lettering at least 75 millimetres high:
   (i) Name of the permit holder;
   (ii) Telephone number of the permit holder;
   (iii) A unique identification number for the skip, tanker, trailer or container.

3.6 The permit holder shall ensure that skips and trailers containing waste are appropriately covered during transit to prevent spillage and litter nuisance.

3.7 The permit holder when using a skip for the purposes of the activity to which this collection permit relates shall provide the hirer, with a written agreement detailing:
(i) that the hirer shall not allow the placement of hazardous waste in the skip;
(ii) the types of wastes which may be placed in the skip as listed in Appendix A to this permit.

3.8 No skip, tanker, trailer or container used for the purposes of the activity to which this collection permit relates and which contains waste shall be left in a public place (as defined in the Litter Pollution Acts 1997 and 2003), other than where it is initially filled, unless it is on or attached to a mechanically propelled vehicle, which is in transit to a facility as listed in Appendix B to this permit.

3.9 All wheeled bins used for the collection of municipal waste shall comply with standard EN840 parts 1-6 (domestic refuse collection only).

3.10 Wheeled bins used for the collection of municipal waste (including separately collected fractions) shall be identified with the name, address and telephone number of the permit holder in clearly legible lettering and a unique customer reference number. The permit holder shall supply the name and address of a customer to whom a reference number applies on request. The permit holder shall submit written details of the identification system to Meath County Council for approval on request.

3.11 The permit holder shall ensure that each vehicle when carrying waste shall display a plate. The plate shall be a white coloured demountable plate with the letter W, the letter W (which signifies that Waste is being carried) shall be in clearly legible indelible lettering of at least 75 millimetres high. The plate shall be displayed at all times when waste is being transported. It shall be kept clean and maintained in good condition. The plate shall be removed from display when the vehicle is not carrying waste.

4. NOTIFICATION AND RECORD KEEPING.

4.1 The permit holder shall notify Meath County Council in relation to any conviction for an offence prescribed under article 19 of the Waste Management (Collection Permit) Regulations, 2001 or any amendment to the Regulations, or any requirement of an order under sections 57 or 58 of the Act, within fourteen days of such a conviction or the imposition of such a requirement.

4.2 The permit holder shall notify the relevant local authority (i.e. the local authority in whose functional area the incident occurs) immediately after the occurrence of any incident connected with the activity to which this collection permit relates that caused or has the potential to cause environmental pollution or a threat to human health. The permit holder shall include as part of the notification the date, time, location and a full description of the incident. The permit holder shall also send a written record of the incident to Meath County Council within 1 week of the incident. This written record of the incident shall include the following information:
(i) the date, time and location of the incident;
(ii) a full description of the incident;
(iii) details of any measures taken to prevent or reduce environmental pollution or harm to human health which was caused or may be caused by the incident, and
(iv) details of steps taken to avoid recurrence of similar incidents.

4.3 The permit holder shall notify Meath County Council in advance of any proposal to increase the level of fees charged to householders for domestic waste collection services provided.

4.4 The permit holder shall have a docket system for recording waste collection. One individually numbered docket shall be used per consignment of waste. Each docket shall at a minimum contain the following:

(i) the name and waste collection permit number of the permit holder;
(ii) date of waste collection;
(iii) registration number of the vehicle;
(iv) signature and name of the waste producer and address of origin of the waste (except for wheeled bin collections);
(v) the local authority area of origin of the waste;
(vi) description of waste including European Waste Catalogue (EWC) code;
(vii) the name, address and licence or permit number of the waste facility to which the consignment of waste will be delivered;
(viii) quantity of waste delivered to the waste facility in units of tonnes or litres;
(ix) signature of the vehicle driver, and
(x) signature of a representative of the waste facility of destination.

Items (i) to (vii) must be completed before any of the waste is collected and items (viii) to (x) must be completed following transfer of any waste at the designated facility. The permit holder shall comply with the provisions of this condition unless otherwise agreed in writing by Meath County Council.

4.5 Meath County Council may at any time serve a notice on the permit holder specifying the format and layout of docketts, which the permit holder shall use in accordance with condition 4.4 of this permit. The permit holder shall comply with the provisions of any such notice.

4.6 The permit holder shall carry the docketts referred to in Condition 4.4 on the vehicle on which the waste they refer to is carried until control of the waste is transferred to a facility specified in Appendix B of this permit. After that time, the permit holder shall retain the docketts referred to in Condition 4.4 at the principal place of business of the permit holder for a period of three years and shall be made available for inspection by an authorised person.

4.7 The permit holder shall, at the address of the principal place of business and, from the records prescribed in Condition 4.4 maintain up-to-date monthly summaries of the following information in respect of waste collected by the permit holder in each calendar month:

(i) Local Authority area of origin of waste;
(ii) point of collection;
(iii) description of waste including European Waste Catalogue (EWC) code indicating whether or not the waste is hazardous;
(iv) quantity of each waste type collected in tonnes or litres;
(v) the name, address and licence or permit number of the waste facility or facilities to which waste was delivered by the permit holder;
(vi) country of destination (if abroad);
(vii) the nature of the activity carried on each waste facility to which waste was delivered by the permit holder (i.e. Disposal or recovery or transfer station);
(viii) the total number of households provided with a waste collection service by the permit holder (domestic refuse collection only);
(ix) the number of households provided with a kerbside dry recyclable waste collection service by the permit holder (domestic refuse collection only);
(x) the number of households provided with a kerbside biodegradable waste collection service by the permit holder (domestic refuse collection only);
(xi) the number of households provided with a “pay-by-use” waste collection service by the permit holder (domestic refuse collection only);

4.8 The records maintained by the permit holder in accordance with condition 4.6 shall be kept at the address of the principal place of business for at least three years and shall be made available for inspection by an authorised person at the address of the principal place of business during normal office hours.

4.9 The permit holder shall, not later than 28th February in each year furnish to Meath County Council an Annual Report (AR) in respect of waste collection activities carried out by the permit holder in the preceding calendar year. The AR shall be a summary of the records maintained under condition 4.6 of the permit. The AR shall contain the following information, in summary form, in respect of waste collected by the permit holder in the preceding calendar year:

(i) Local Authority area of origin of waste;
(ii) point of collection;
(iii) European Waste Catalogue codes, indicating whether or not the waste is hazardous;
(iv) waste description;
(v) quantity of each waste type collected (in tonnes);
(vi) destination of waste (i.e. facility name and address);
(vii) country of destination (if exported abroad for treatment);
(viii) waste licence or waste permit register number of facilities to which waste is delivered;
(ix) the nature of the activity carried on at the waste facility to which waste is delivered (i.e. disposal or recovery);

The information specified above shall be filled in on the Annual Report Form, which is available on the Meath County Council website at the following internet address: http://www.meath.ie/LocalAuthorities/Environment/WasteManagementPermits/WasteCollectionPermit. The completed form shall be submitted by the 28th February each year in respect of the preceding calendar year to Meath County Council by e-mail to collectionpermit@meathcoco.ie unless otherwise agreed in writing with Meath County Council.

4.10 A copy of all correspondence sent to and received from Meath County Council regarding this collection permit shall be maintained at the address of the principal
place of business for at least three years following the date on which the correspondence is sent or received and shall be made available for inspection by any authorised person.

4.11 The permit holder shall maintain at his principal place of business for at least three years a list of the name and address of each waste producer and waste facility from which the permit holder collects waste for inspection by an authorised person.

4.12 All communications from the permit holder to Meath County Council shall be addressed in writing by the permit holder to the following address: Senior Executive Officer, Environment Section, Meath County Council, County Hall, Railway Street, Navan, County Meath. This condition does not apply in respect of the Annual Report as described in Condition 4.8.

5. CHARGES AND FINANCIAL PROVISIONS.

5.1 The permit holder shall pay to Meath County Council:

(i) the cost of any investigations carried out or caused to be carried out by the local authority so as to enable it properly to decide on an application, or

(ii) any costs incurred by the local authority for the purpose of ensuring compliance by the holder of a permit with the requirements of the collection permit, including the cost of any inspections, audits or investigations carried out or caused to be carried out by the local authority, and the taking and analysis of any sample.

5.2 The permit holder shall effect and maintain an appropriate and adequate policy of insurance in respect of vehicles used for the purposes of, and liabilities arising from, the waste collection activity, including employer's liability and public liability as relevant.

5.3 The minimum acceptable level of indemnity is €6,400,000 for Public Liability Insurance and €3,800,000 for third party property damage on Motor Insurance and €12,800,000 for Employers Liability.

6. CONDITIONS FOR SPECIFIC WASTE TYPES.

6.1 COMMERCIAL AND INDUSTRIAL WASTE.

6.1.1 Source separated commercial and industrial waste shall not be mixed during collection.

6.1.2 The permit holder shall not collect materials containing hazardous waste, unless specifically permitted in accordance with Condition 1.2 and as listed in Appendix A. Where source segregation has not taken place, each waste load collected shall be treated as hazardous waste.
6.1.3 The permit holder shall provide separate receptacles for packaging waste which have been segregated in accordance with the Waste Management (Packaging) Regulations, 2003 or as amended.

6.1.4 The permit holder shall not collect packaging waste for disposal from a producer, without first receiving a written declaration as required under article 27(b) of the Waste Management (Packaging) Regulations 2003 or as amended.

6.2 CONSTRUCTION AND DEMOLITION WASTE.

6.2.1 The permit holder shall not collect soil and stones containing hydrocarbons or dangerous substances unless specifically permitted in accordance with condition 1.2 and as listed in Appendix A.

6.2.2 The permit holder shall ensure that no pollutants or other waste types are allowed to contaminate loads destined for recovery, recycling or reuse. The permit holder shall transfer contaminated loads to appropriate licensed or permitted facilities where segregation and/or treatment can be carried out.

6.2.3 The collection of construction and demolition wastes that are hazardous in nature is subject in addition to the conditions specified for Hazardous Wastes.

6.2.4 The permit holder shall apply to the relevant local authority in whose functional area waste is collected and transported for a permit to use off-road dump trucks, authorising their use on a public road, with or without a load at a laden weight exceeding the limits specified in Road Traffic (Construction and Use of Vehicles) Regulations, 2003 (SI no. 5 of 2003), but not exceeding 44 tonnes.

6.3 DOMESTIC WASTE.

6.3.1 Within 3 months of the date of grant of this permit, the permit holder shall, in accordance with condition 2.7, submit details for the written agreement of Meath County Council for the implementation and maintenance of a separate system for kerbside collection of dry recyclable materials from households. Any agreed programme shall be implemented within 2 months following the date of agreement.

6.3.2 The permit holder shall implement a system of "pay-by-use" from households serviced in the North East Region as required in accordance with the North East Region Waste Management Plan. Pay-by-tag, pay-by-lift or pay-by-weight are typical "pay-by-use" systems but the permit holder may propose an alternative. The system proposed must demonstrate a clear incentive to householders to minimise residual waste and maximise recycling. The system proposed shall be notified in advance to the relevant local authority for their agreement. Any agreed system shall be implemented within 2 months following the date of agreement.

6.3.3 The permit holder shall provide a separate kerbside collection for biodegradable kitchen and canteen waste, and green garden waste on or before 1st December
2008 to domestic customers. The frequency of collection must be adequate to ensure the waste is suitable for further biological treatment.

6.3.4 Source separated waste shall not be mixed or remixed during collection.

6.3.5 The permit shall notify Meath County Council and all persons availing of their domestic waste collection activities of the frequency of collection and, a minimum of 10 working days in advance, of any alternative arrangements made for collection in relation to public holidays etc., or of any proposal to cease or reduce the level of collection.

6.3.6 The permit holder shall implement an education and awareness programme. The programme shall be agreed with Meath County Council within 3 months of receiving the waste collection permit. The programme shall include, unless otherwise agreed with the Meath County Council:

(i) A timetable for implementation of the education and awareness programme;
(ii) details of mail-shots and leaflet drops;
(iii) details of newspaper advertisements;
(iv) details of a customer help-line including details of staff training;
(v) procedures for rejected/contaminated materials;
(vi) any agreed programme shall be implemented within 2 months following the date of agreement;
(vii) The permit holder shall send a copy of all promotional material to Meath County Council.

6.4 END-OF-LIFE VEHICLES.

N/A

6.5 HAZARDOUS WASTE (note: includes asbestos waste, waste batteries and healthcare waste).

6.5.1 The permit holder is only permitted to deliver hazardous wastes to facilities that have been notified to Meath County Council and which were subsequently agreed, and to no other facilities whatsoever, subject to condition 2.3 and as listed in Appendix B.

6.5.2 The permit holders shall maintain records of all hazardous waste movements and shall comply with the Waste Management (Movement of Hazardous Waste) Regulations, 1998 (S.I. No. 147 of 1998), with the Waste Management (Transfrontier Shipment of Waste) Regulations, 1998 (S.I. No. 149 of 1998) and with Council Regulation (EEC) No 259/93 of 1 February 1993 on the supervision and control of shipments of waste within, into and out of the European Community. Accordingly, no movement of hazardous waste from point to point within the State should take place without a C1 form being completed. Where waste is to be exported, a transfrontier shipment of waste authorisation should be in place. A movement tracking form should be submitted three days in advance of individual shipments taking place.
6.5.3 A European Waste Catalogue (EWC) code and waste description shall be assigned to each hazardous waste consignment collected, in accordance with the requirements of the Waste Management (Movement of Hazardous Waste) Regulations, 1998 (S.I. No. 147 of 1998).

6.5.4 The permit holder shall have regard to the relevant provisions of the ADR Regulations and the Carriage of Dangerous Goods by Roads Regulations, 2001 (S.I. No. 492 of 2001), as they apply to hazardous waste (e.g. waste segregation, emergency response/contact numbers etc).

6.5.5 The permit holder shall not store hazardous waste at any location except in accordance with the requirements of a waste licence or permit, the ADR regulations or the Carriage of Dangerous Goods by Roads Regulations, 2001.

6.5.6 In addition to the normal labelling requirements under relevant legislation (e.g. ADR, Carriage of Dangerous Goods by Road Regulations etc.), all receptacles used for the collection of hazardous waste shall be clearly identified as containing hazardous waste.

6.5.7 The permit holder shall keep in the collection vehicle a list of hazardous wastes that may be accepted at specified licensed or permitted facilities including a copy of the written consent obtained from the permitted or licenced facility.

6.5.8 The permit holder shall put in place a backup plan (called the rejection procedure) to deal with an event that a hazardous waste load is rejected at a facility listed in Appendix B. Any load of hazardous waste that is rejected shall be treated as an incident and reported as per condition 4.2.

6.5.9 If vehicles are to be used for the collection of any other waste types, they shall be decontaminated prior to use.

6.5.10 All vehicles used for the collection and transport of hazardous material shall be clean, dry and residue-free prior to commencement of loading of any new consignment of hazardous waste.

6.5.11 Where the permit holder collects waste containing asbestos fibres or dust care must be taken to ensure that the waste is treated and packaged so as to prevent the release of asbestos particles into the environment in accordance with Council Directive 87/217/EEC.

6.6 INCINERATION WASTE.

N/A

6.7 SLUDGES, SLURRIES AND SEPTIC TANK WASTE.

6.7.1 For the purpose of this condition a landbank covers lands used for spreading or treating waste with a consequential benefit for an agricultural activity or ecological system.
6.7.2 The permit holder shall spread waste only on the landbanks notified to Meath County Council and which were subsequently agreed and to no other landbanks whatsoever, subject to condition 2.3 and as listed in Appendix B.

6.7.3 The permit holder shall ensure where wastes collected originate from an Integrated Pollution Prevention and Control (IPPC) or an Integrated Pollution Control (IPC) licensed facility the waste shall be transported to appropriate facilities as governed under the IPPC or the IPC licence, as appropriate.

6.7.4 The permit holder shall ensure that the spreading of sludge on lands, which are exempt from the requirement to hold a waste licence under section 39 of the Waste Management Act, 1996 by virtue of section 51(2)(a) of the Act, is carried out in accordance with the Nutrient Management Plan specific to those lands. The Nutrient Management Plan shall comply with the Waste Management (Use of Sewage Sludge in Agriculture) Regulations, 1998 (S.I. No.148 of 1998), the Waste Management (Use of Sewage Sludge in Agriculture)(Amendment) Regulations, 2001 (S.I. No. 267 of 2001), the EPA code of practice for the application of organic waste to land, and "Good Farm Practice", published by the Department of Agriculture, Food and Rural Development (2001), and "Nutrient and Trace Element Advice for Grassland, Tillage, Vegetable and Fruit Crops", published by Teagasc 2004.

6.7.5 The permit holder shall be familiar with the requirement placed on holders of waste arising from any bye-laws made under Section 21 of the Local Government (Water Pollution) Act, 1990 by the local authorities in whose area a disposal / recovery activity is being carried out and shall keep a copy of all such bye-laws at the address of the principal place of business.

6.7.6 Where bye-laws referred to in condition 6.7.5 have been made by one or more of the local authorities within the North East Region the permit holder shall not spread waste on the lands unless it is in accordance with the requirements of the bye-laws in force in the local authority concerned.

6.8 WASTE ELECTRICAL AND ELECTRONIC EQUIPMENT.

6.8.1 Where Waste Electrical and Electronic Equipment (WEEE) collected by the permit holder is of a hazardous nature as defined in the European Waste Catalogue (EWC), the permit holder shall adhere to the special conditions relating to collection of hazardous waste.

6.8.2 WEEE shall only be collected, handled, transported and stored in a manner so as to avoid damage that would prevent equipment or components from being reused, recycled or recovered.

6.8.3 After 1st August 2005,unless otherwise notified to the permit holder, WEEE shall only be transported to a designated civic amenity site or collection point or designated recovery facility.
6.8.4 The permit holder shall not crush hazardous WEEE or remove hazardous substances and components prior to treatment and de-pollution.

6.9 WASTE OILS.

6.9.1 All loading, unloading and storage of waste oils shall take place within the designated areas of any facilities, which shall be adequately bunded to ensure that any spillages that occur are retained and returned for reprocessing.

6.9.2 Waste oils shall be collected, handled, transported and stored in a manner so as to minimise the risks of contamination to all environmental media or endangerment to the general public and their health in accordance with Council Directive 75/439/EEC as amended by Council Directive 87/101/EEC.

6.9.3 All oily waters collected with the waste oil shall be transferred with the waste oil to the licensed or permitted waste oil recovery facility.

6.9.4 The permit holder must not mix waste oils containing PCBs within the meaning of Directive 76/403/EEC with other hazardous waste.

6.9.5 Where waste oil collected by the permit holder is of a hazardous nature as defined in the European Waste Catalogue (EWC), the Permit Holder shall adhere to the special conditions relating to collection of hazardous waste.
Appendix A

Permitted waste types in accordance with Condition 1.2.

02 WASTES FROM AGRICULTURE, HORTICULTURE, AQUACULTURE, FORESTRY, HUNTING AND FISHING, FOOD PREPARATION AND PROCESSING
02 01 wastes from agriculture, horticulture, aquaculture, forestry, hunting and fishing
02 01 01 sludges from washing and cleaning
02 01 02 animal-tissue waste
02 01 03 plant-tissue waste
02 01 04 waste plastics (except packaging)
02 02 wastes from the preparation and processing of meat, fish and other foods of animal origin
02 02 01 sludges from washing and cleaning
02 02 02 animal-tissue waste
02 02 03 materials unsuitable for consumption or processing
02 02 04 sludges from on-site effluent treatment
02 03 wastes from fruit, vegetables, cereals, edible oils, cocoa, coffee, tea and tobacco preparation and processing; conserve production; yeast and yeast extract production, molasses preparation and fermentation
02 03 01 sludges from washing, cleaning, peeling, centrifuging and separation
02 03 04 materials unsuitable for consumption or processing
02 03 05 sludges from on-site effluent treatment
02 05 wastes from the dairy products industry
02 05 01 materials unsuitable for consumption or processing
02 05 02 sludges from on-site effluent treatment
02 05 99 wastes not otherwise specified

03 WASTES FROM WOOD PROCESSING AND THE PRODUCTION OF PANELS AND FURNITURE, PULP, PAPER AND CARDBOARD
03 01 wastes from wood processing and the production of panels and furniture
03 01 01 waste bark and cork
03 01 05 sawdust, shavings, cuttings, wood, particle board and veneer other than those mentioned in 03 01 04

05 WASTES FROM PETROLEUM REFINING, NATURAL GAS PURIFICATION AND PYROLYTIC TREATMENT OF COAL
05 01 wastes from petroleum refining
05 01 03* tank bottom sludges
05 01 05* oil spills

06 WASTES FROM INORGANIC CHEMICAL PROCESSES
06 05 sludges from on-site effluent treatment
06 05 03 sludges from on-site effluent treatment other than those mentioned in 06 05 02
WASTES FROM THE MANUFACTURE, FORMULATION, SUPPLY AND USE (MFSU) OF COATINGS (PAINTS, VARNISHES AND VITREOUS ENAMELS,) ADHESIVES, SEALANTS AND PRINTING INKS

wastes from MFSU and removal of paint and varnish
waste paint and varnish other than those mentioned in 08 01 11

WASTE FROM CHEMICAL SURFACE TREATMENT AND COATING OF METALS AND OTHER MATERIALS; NON-FERROUS HYDRO-METALLURGY

sludges and filter cakes other than those mentioned in 11 01 09.

OIL WASTES AND WASTES OF LIQUID FUELS (EXCEPT EDIBLE OILS, AND THOSE IN CHAPTERS 05, 12 AND 19

waste hydraulic oils
mineral-based chlorinated hydraulic oils
mineral-based non-chlorinated hydraulic oils
synthetic hydraulic oils
readily biodegradable hydraulic oils
other hydraulic oils
waste engine, gear and lubricating oils
mineral-based non-chlorinated, gear and lubricating oils
synthetic engine, gear and lubricating oils
readily biodegradable engine, gear and lubricating oils
other engine, gear and lubricating oils
oil/water separator contents
solids from grit chambers and oil/water separators
sludges from oil/water separators
interceptor sludges
oil from oil/water separators
oily water from oil/water separators
mixtures of waste from grit chambers and oil/water separators
wastes of liquid fuels
fuel oil and diesel
petrol
other fuels (including mixtures)

WASTE PACKAGING; ABSORBENTS, WIPING CLOTHS, FILTER MATERIALS AND PROTECTIVE CLOTHING NOT OTHERWISE SPECIFIED

packaging (including separately collected municipal packaging waste)
paper and cardboard packaging
plastic packaging
wooden packaging
metallic packaging
composite packaging
mixed packaging
glass packaging
16 WASTES NOT OTHERWISE SPECIFIED IN THE LIST
16 01 end-of-life vehicles from different means of transport (including off-road machinery) and wastes from dismantling of end-of-life vehicles and vehicle maintenance (except 13, 14, 16 06 and 16 08)
16 01 03 end-of-life tyres
16 01 17 ferrous metal
16 01 18 non-ferrous metal
16 02 wastes from electrical and electronic equipment
16 02 14 discarded equipment other than those mentioned in 16 02 09 to 16 02 13

17 CONSTRUCTION AND DEMOLITION WASTES (INCLUDING EXCAVATED SOIL FROM CONTAMINATED SITES)
17 01 concrete, bricks, tiles and ceramics
17 01 01 concrete
17 01 02 bricks
17 01 03 tiles and ceramics
17 01 07 mixture of concrete, bricks, tiles and ceramics other than those mentioned in 17 01 06
17 02 wood, glass and plastic
17 02 01 wood
17 02 02 glass
17 02 03 plastic
17 03 bituminous mixtures, coal tar and tarred products
17 03 02 bituminous mixtures containing other than those mentioned in 17 03 01
17 04 metals (including their alloys)
17 04 01 copper, bronze, brass
17 04 02 aluminium
17 04 03 lead
17 04 04 zinc
17 04 05 iron and steel
17 04 06 tin
17 04 07 mixed metals
17 04 11 cables other than those mentioned in 17 04 10
17 05 soil (including excavated soil from contaminated sites), stones and dredging spoil
17 05 04 soil and stones other than those mentioned in 17 05 03
17 06 insulation materials and asbestos-containing construction materials
17 06 04 insulation materials other than those mentioned in 17 06 01 and 17 06 03
17 08 gypsum-based construction material
17 08 02 gypsum-based construction materials other than those mentioned in 17 08 01
17 09 other construction and demolition waste
17 09 04 mixed construction and demolition wastes other than those mentioned in 17 09 01, 17 09 02 and 17 09 03
