Mr. Peter Sweetman  
Peter Sweetman & Associates  
Rossport South  
Ballina  
County Mayo

23/03/2016  
Reg. No: P0975-01

IE Licence application by Clondrisse Pig Farm Limited in respect of Joristown Upper, Killucan, County Westmeath.

Dear Mr. Sweetman

Further to your submission received by the Agency on 5 February 2013, in relation to an application for an Industrial Emissions licence in respect of an installation at Clondrisse Pig Farm Limited, Joristown Upper, Killucan, County Westmeath (Reg. No. P0975-01).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 as amended, that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 as amended where applicable.

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters; P.O. Box 3000, Johnstown Castle Estate, County Wexford.

Yours sincerely,

Gráinne Oglesby  
Programme Officer  
Environmental Licensing Programme  
Office of Environmental Sustainability
Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Sites listed below.

European Site(s) assessed:

- River Boyne and River Blackwater SAC (Site Code 002299)
- Mount Hevey Bog SAC (Site Code 002342)
- Scragh Bog SAC (Site Code 000692)
- Lough Owel SAC (Site Code 000688)

Date of AA Screening Determination: 17/11/2015

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of those sites as European Sites and that it cannot be excluded, on the basis of objective scientific information following screening under this Regulation, that the activity, individually or in combination with other plans or projects, will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

This determination is based on the nature and scale of the activity and the distance between the installation and the European Sites. Whilst only clean storm water discharges from the installation to the surface water network, the impact of emissions to air cannot be ruled out due to the proximity of the site to the European site(s).

I am to advise you in accordance with Regulation 42(8)(a) of the European Communities (Birds and Natural Habitats) Regulations 2011 as amended, that the Agency has made a determination that an Appropriate Assessment is required as the project, individually or in combination with other plans or projects, is likely to have a significant effect on a European site(s). Notification of this determination is attached for your reference.

In carrying out an Appropriate Assessment the Agency shall take into account each of the matters specified in Regulation 42(12) of the European Communities (Birds and Habitats) Regulations 2011 as amended where applicable.

The application and associated correspondence, including acknowledgements, notifications and general correspondence are available to view on the Agency website at www.epa.ie. You are advised to refer to the website for information on the progress of the application.

Please direct any further correspondence in relation to this matter to Administration, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, P.O. Box 3000, Johnstown Castle Estate, County Wexford.

Yours sincerely,

Gráinne Oglesby

Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 and 2013, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activity, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Sites listed below.

AA Screening Determination:

That the activity is not directly connected with or necessary to the management of those sites as European Sites and that it cannot be excluded, on the basis of objective scientific information following screening under this Regulation, that the activity, individually or in combination with other plans or projects, will have a significant effect on a European site and accordingly determined that an Appropriate Assessment of the activity is required, and for this reason determined to require the applicant to submit a Natura Impact Statement.

This determination is based on the nature and scale of the activity and the distance between the installation and the European Sites. Whilst only clean storm water discharges from the installation to the surface water network, the impact of emissions to air cannot be ruled out due to the proximity of the site to the European site(s).

Michael McDowell
