| Location of Installation:| Lough Ree Power  
Lanesborough  
County Longford |
Reasons for the Decision

The Environmental Protection Agency is satisfied, on the basis of the information available, that subject to compliance with the conditions of Licence Reg. No. P0610-02 granted on the 24/09/13, as well as any amendments noted herein, any emissions from the activity will comply with and not contravene any of the requirements of Section 83(5) of the Environmental Protection Agency Act 1992, as amended.

A screening for Appropriate Assessment was undertaken to assess, in view of best scientific knowledge and the conservation objectives of the site, if the activities individually or in combination with other plans or projects are likely to have a significant effect on any European Site. In this context, particular attention was paid to the following: Lough Ree SAC (Site Code: 000440), Corbo Bog SAC (Site Code: 002349), Fortwilliam Turlough SAC (Site Code: 000448), Lough Forbes Complex SAC (Site Code: 001818), Brown Bog SAC (Site Code: 002346), Mount Jessop Bog SAC (Site Code: 002202), Lough Ree SPA (Site Code: 004064) and Ballykenny-Fisherstown Bog SPA (Site Code: 004101).

The activities are not directly connected with or necessary to the management of any European Site and the Agency considered, for the reasons set out below, that it can be excluded, on the basis of objective information, that the activities, individually or in combination with other plans or projects, will have a significant effect on any European Site and accordingly determined that an Appropriate Assessment of the activities was not required.

It has been determined that this installation is not likely to have a significant effect on the European Sites as the change proposed will not substantially change the nature or extent of the operations and emissions at the installation.

Technical Amendment

In pursuance of the powers conferred on it by Section 96(1)(c) of the Environmental Protection Agency Act 1992 as amended, the Agency amends the licence, granted to Electricity Supply Board, 27 Lower Fitzwilliam Street, Dublin 2, for an installation located at Lanesborough, Co. Longford.

Henceforth, the licence shall be read in conjunction with technical amendment B issued on the 31/12/2015, clerical amendment A issued on the 12/05/2015 and a Section 82A(11) Amendment issued on 06/01/2014 and the amendments set out below.

This technical amendment is limited to the following Conditions:
Amendments

Amend Condition 3.13.1 (ii)

The Landfill Operational Plan shall be reviewed prior the deposit of waste in any new landfill cell. Any amendments, including the temporary storage of ash, shall be subject to approval by the Agency.

Add Condition 3.13.1 (vi)

Ash produced at this licensed installation may be stored temporarily for a period not exceeding twelve months in a clearly delineated area of the ADF.

This technical amendment shall be cited as Amendment C, to the licence.

Sealed by the Seal of the Agency on this the 18th day of December, 2018

PRESENT when the seal of the Agency was affixed hereto

Dr Karen Creed, Authorised Person
