

Comprehension - Recycling our Organic Waste

Materials required

- Paper/colours for creating posters.

Pre-watching activity

- In one minute list all of the things you can think of that are thrown into the rubbish bin each year in your house.
- Give each student one of the tasks below.

During watching activity

Group 1: Write down all of the facts and figures mentioned in the film clip.
Group 2: Write down all of the people mentioned and the jobs they do.
Group 3: Outline all of the steps involved in the waste characterisation survey.
Group 4: Write down all of the agencies mentioned and the jobs they do.
Group 5: Write down all of the information you can in relation to the different coloured bins mentioned in the clip.
Group 6: Write down all of the information in relation to organic waste mentioned in the clip.

Group 7: List all of the information in relation to the EU Directive on landfill waste.

Group 8: List all of the targets that are mentioned in the clip including the goals of the agencies/surveys.

Post-watching activity

- Group individuals with the same task together to compile their information.
- Organise each group to create posters for a poster campaign - this can be done individually or in pairs - you are going to create a poster campaign highlighting the issue of organic waste in Ireland.
