

Overview of online WEEE reporting system

Jane Kenneally

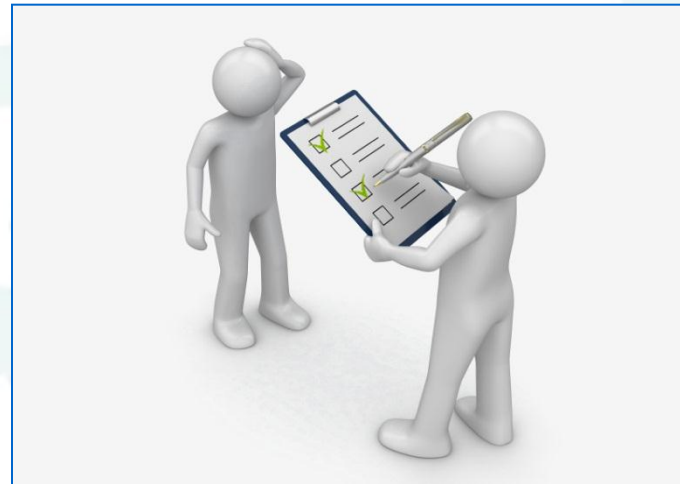

B2B workshop, Red Cow Moran Hotel

16 May 2012

- New online WEEE reporting system overview
- Common problems in completion of online report
- Planned improvements to system

Why do we have to report to EPA?

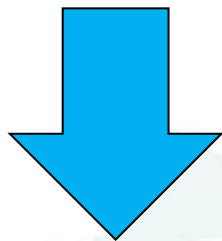

- Legal requirement
- No business to business (B2B) compliance scheme

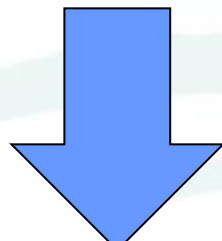

<http://www.google.ie/imgres?q=legislation+compliance>

Cycle of plans/reports

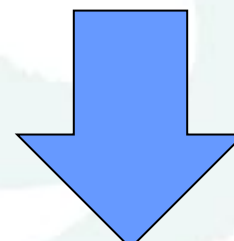

**B2B WEEE waste management plan
2009-2011**

Annual
report 2009

Annual
report 2010

Annual
report 2011

What does the EPA do with the information?

- Environmentally sound management of WEEE
- Enforcement: inspect against report
- EU reporting.

Development of EPA templates

	
<p>Waste Management (Waste Electrical and Electronic Equipment) Regulations (S.I. No. 340 of 2006)</p> <p>2006</p> <p>ANNUAL REPORT ON WASTE MANAGEMENT</p> <p>(Report for the period of 1st January 2006 to 31st December 2006)</p>	<p>Template Version: July 2008</p> <p>As a producer of electrical and electronic equipment (EEE) you are required to comply with the WEEE Regulations. One of the requirements of the Regulations is the submission of a waste management plan to the EPA in accordance with the Regulations.</p> <p>Where a producer is a member of a compliance scheme (ERP and WEEE Ireland) are not authorised to act on behalf of producers for B2B members, therefore all B2B producers are required to submit a waste management plan to the EPA.</p>
<p>COMPANY NAME: _____</p> <p>TRADING AS: _____</p> <p>PRODUCER REGISTRATION NO. _____</p>	<p>© beboy * www.ClipartOf.com/32110</p> <p>Waste management plan is to ensure that self-complying producers are required to submit a Waste Management Plan (WMP) for Electrical and Electronic Equipment (WEEE) in an environmentally sound manner (i.e. collection, storage, treatment and recovery, or as appropriate, disposal of WEEE) and also that information on the amount of WEEE generated and recovered is reported, for the purpose of tracking progress in meeting the recovery and reuse/recycling rates set down in the WEEE Regulations.</p> <p>The plan is for a period of three years, and reports on the plan must be submitted to the EPA annually by 31st January, before re-registration with the WEEE Register Society Ltd.</p> <p>This reporting template will help B2B producers to fulfil their reporting obligations set down in the Regulations.</p>

WEEE B2B online reporting form.. 3rd generation

<https://alder.edenireland.ie>

The screenshot shows the EPA's WEEE Waste Management online reporting form. The header includes the EPA logo and navigation tabs: 'What We Do', 'Environment in Focus', 'Research & Education', 'News Centre', and 'Dow'. The main heading is 'WEEE Waste Management'. Below this is a table with three columns: 'Year', 'Return Type', and 'Market T'. The table contains three rows: '2010 - 2012' with '3 Year Waste Plan' and 'Irish Mar', '2010' with 'Annual Waste Report' and 'Irish Mar', and '2011' with 'Annual Waste Report' and 'Irish Mar'. Below the table, there is a 'Current Return:' section with a 'Year' dropdown set to '2012', a 'Return Type' dropdown set to 'AnnualWasteReport', and a 'Market T' dropdown set to 'IrishMar'. At the bottom, there are 'Notes' stating: '* Please remember to click the "Save" button regularly to prevent your work from being lost as the your work may result in the loss of information already entered.' and '* A PDF version of your submission will be available to download once your plan or report is submitted directly after submission of your plan or report. If you exit the system, the PDF cannot be retrieved the next time you log in.'

Year	Return Type	Market T
2010 - 2012	3 Year Waste Plan	Irish Mar
2010	Annual Waste Report	Irish Mar
2011	Annual Waste Report	Irish Mar

Current Return:

Year: 2012 Return Type: AnnualWasteReport Market T: IrishMar

Notes:

- * Please remember to click the "Save" button regularly to prevent your work from being lost as the your work may result in the loss of information already entered.
- * A PDF version of your submission will be available to download once your plan or report is submitted directly after submission of your plan or report. If you exit the system, the PDF cannot be retrieved the next time you log in.

The screenshot shows the 'Waste Electrical and Electronic Equipment (WEEE) Guidance Manual for First Time Users of the Online System'. The header includes the EPA logo and the title 'Waste Electrical and Electronic Equipment (WEEE)'. Below this is the subtitle 'Guidance Manual for First Time Users of the Online System'. The main text reads: 'Getting your company set upon the system in order to make a submission'. At the bottom, there is a disclaimer: 'This document is for guidance only. It does not purport to be and should not be considered a legal interpretation of the legislation referred to herein. Producers are advised to refer to the relevant legislation for comprehensive information on requirements.' and a footer: 'Office of Climate, Licensing & Resource Use Version 3.0, Feb 2012 Page 1 of 13'. A navigation bar at the bottom includes icons for 'Save', 'Print', 'Up', 'Down', '1 / 13', and 'PDF'.

WEEE Take Back - Information on WEEE Managed On Site

This screen looks for the quantity of waste electrical and electronic equipment that was taken back during the report year and also the quantities of WEEE that were reused/recovered/stored (managed) on your company premises (this screen only requires information on WEEE before it was sent off site)

Question 6. Did your company take back any waste electrical and electronic equipment during the year in question?

Please confirm if your company had any WEEE returned/collected on your company's behalf during the year in question. ☐ Yes ☒ No

If there was no waste taken back: Select No and then click Save

Question 7. Please state the total weight of B2B Waste Electrical and Electronic Equipment (WEEE) that was taken back by your company during the year in question

Of the electrical equipment placed on the market how much of it was returned/collected as waste (WEEE)?

Any equipment returned under warranty should not be included, equipment returned under warranty is not considered waste.

<https://weee.epa.ie/>

NOTE: If entry for a category is disabled it is because the category is not selected previously in Q3. Please do not leave any cells blank: insert zero where no information

(i) Carried over on January 01st of reporting year: if filling out a report for 2011 and had 30kg of WEEE still on the premises that was carried over from 2010 this 30kg would go into (c) (i)

(ii) Up to December 31st of reporting year: if filling out a report for 2011 and had 50kg still on the premises in December 2011 this 50kg would go into (c) (ii)

Note: If entry for a category is disabled it is because the category is not selected previously in Q3. Please do not leave zero where no information is to be reported.

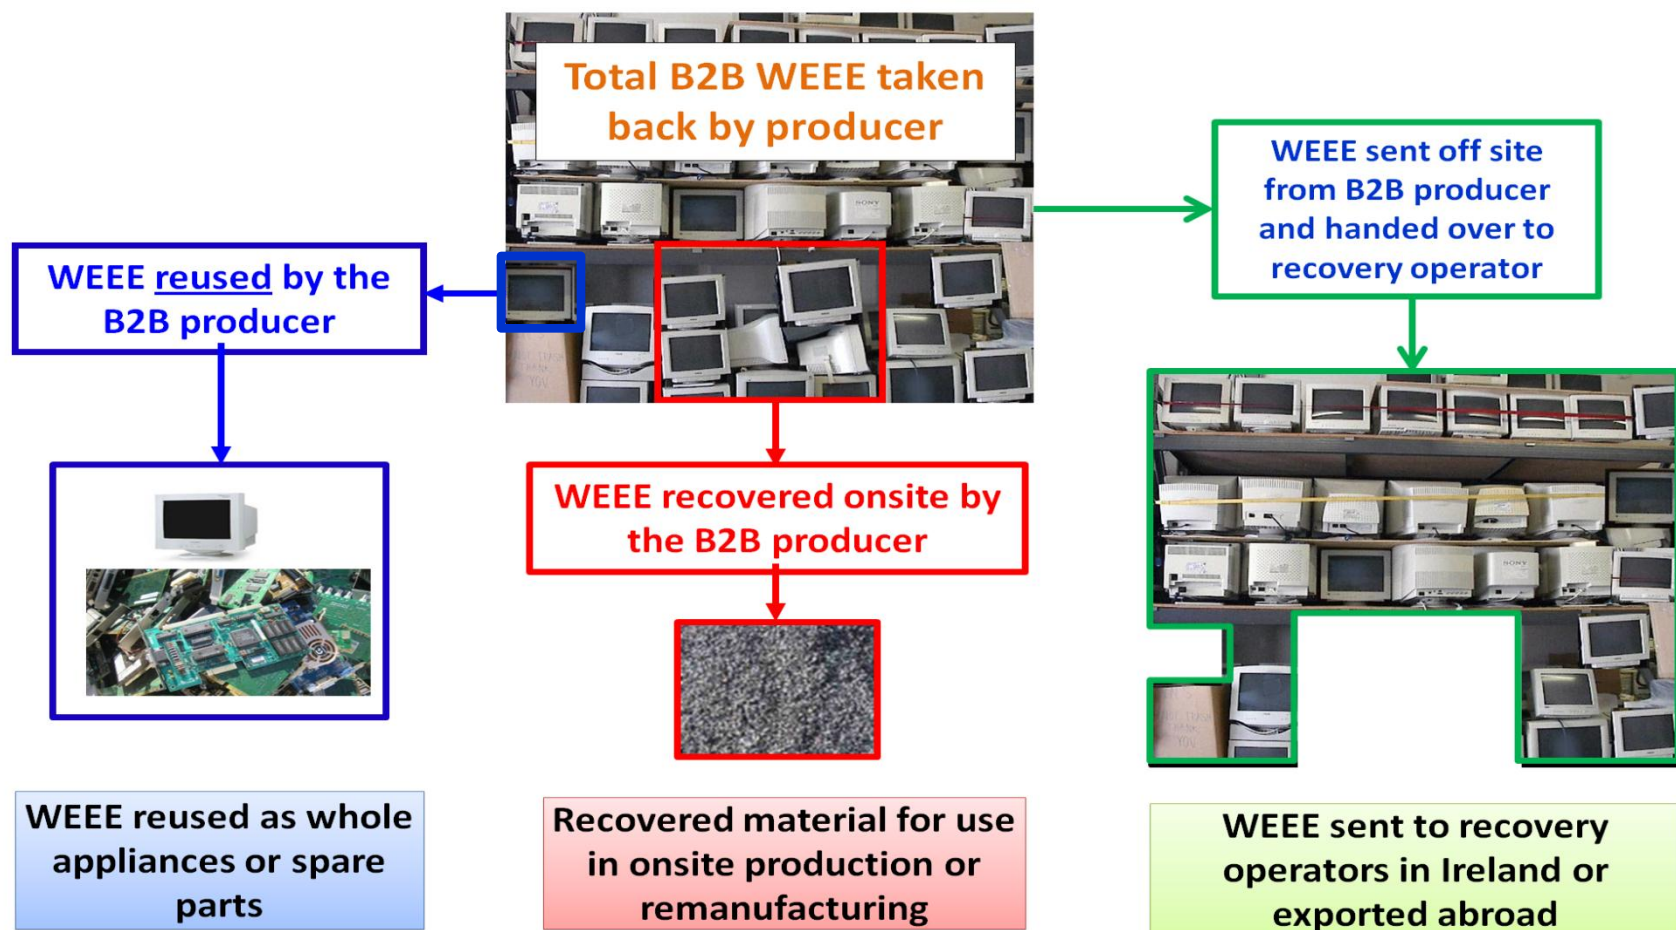

Category	(A) Prepared for reuse		(B) Recovered (Kg) - this refers to WEEE that was reclaimed, recycled, regenerated or used to generate energy e.g incineration	(c) Remaining on company premises	
	(i) Whole Appliance (weight in Kg)	(ii) Spare Parts (weight in Kg)		(i) carried over on Jan 01st of reporting year	(ii) up to Dec 31st of reporting year
Category 1					
Category 2					
Category 3	50	25		50	0
Category 4					
Category 5					
Category 6					
Category 7					

Relates to WEEE remaining on premises carried over to reporting year (WEEE stock count)

75 Kg taken back and reused during reporting year

WEEE breakdown (Q.8)

WEEE FLOWS after B2B take back

WEEE stock count

WEEE taken back between 2008-2010-stored on premises (**before** reporting year)

E.g. 100 kg WEEE taken back (2008-2010) + 150Kg WEEE taken back 2011= 250Kg to recovery operator during 2011

Example of reuse data

Question 12

- If WEEE sent off site (Q10), further information required

The screenshot shows a web browser window with the URL <https://weee.epa.ie/report/save>. The browser's address bar shows the URL, and the page title is "epa Waste Management Report". The browser's menu bar includes File, Edit, View, Favorites, Tools, and Help. The page header features the EPA logo and the text "Environmental Protection Agency". A navigation bar includes links for Home, Contact us, Site Map, EPA Maps, and View Cart. A search bar is located on the right side of the header. Below the navigation bar, the page title "Waste Management Report" is displayed. The main content area contains a form for Question 12. The question text is: "Question 12. Please provide the weight of WEEE that was passed onto your recovery operator/charity and/or other (as stated in question 10 above) during the year in question, also provide the name(s), address(es) and permit/licence number(s) of each, if applicable". Below the question text, there is a note: "This information is only required if WEEE was passed onto a recovery operator/charity or other as selected in question 10 above. The permit/licence number only applies to a recovery operator, this does not need to be filled out if WEEE was passed to a charity or other". Another note states: "Please note that if your company sent WEEE to more than one recovery operator this needs to be recorded below i.e. if your company had 50kg of category 3 WEEE and passed on 25kg to one recovery operator and the other 25kg to a different recovery operator then select category 3 twice and add in the relevant information to the table below. The same applies for charities and other." Below the notes, there is a table with the following columns: "Category (choose from drop down list)", "Weight (kg)", "Name (recovery operator/charity/other)", "Address (recovery operator/charity/other)", "Permit/Licence Number (for recovery operator only)", and "Delete". The table has one row with the following data: "Category3", "50", "", "", "", and "Delete". Below the table, there is an "Add" button. At the bottom of the form, there is a "Note:" section with the text: "Please ensure where WEEE is treated outside of the state, that it is treated at a facility appropriately licensed or, as appropriate, permitted by the relevant authority or authorities in the country concerned. Provide a copy of recovery certificates along with this report for any WEEE treated outside of the state."

Question 12. Please provide the weight of WEEE that was passed onto your recovery operator/charity and/or other (as stated in question 10 above) during the year in question, also provide the name(s), address(es) and permit/licence number(s) of each, if applicable

This information is only required if WEEE was passed onto a recovery operator/charity or other as selected in question 10 above
The permit/licence number only applies to a recovery operator, this does not need to be filled out if WEEE was passed to a charity or other

Please note that if your company sent WEEE to more than one recovery operator this needs to be recorded below i.e. if your company had 50kg of category 3 WEEE and passed on 25kg to one recovery operator and the other 25kg to a different recovery operator then select category 3 twice and add in the relevant information to the table below. The same applies for charities and other.

Category (choose from drop down list)	Weight (kg)	Name (recovery operator/charity/other)	Address (recovery operator/charity/other)	Permit/Licence Number (for recovery operator only)	Delete
Category3	50				Delete

Add

Note:
Please ensure where WEEE is treated outside of the state, that it is treated at a facility appropriately licensed or, as appropriate, permitted by the relevant authority or authorities in the country concerned. Provide a copy of recovery certificates along with this report for any WEEE treated outside of the state.

Waste Management Report

Save Submit

NOTE:
Please ensure where WEEE is treated outside of the state, that it is treated at a facility appropriately licensed or, as appropriate, permitted by the relevant authority or authorities in the country concerned. Provide a copy of recovery certificates along with this report for any WEEE treated outside of the state.

Categories of Electrical and Electronic Equipment	Minimum recovery rate	Minimum component, material and substance reuse and recycling rate
1, 10	80%	75%
3, 4	75%	65%
2, 5, 6, 7, 9	70%	50%
Gas Discharge Lamps		80%
