

## Scenarios of biodiversity and ecosystem services

### Scope

Development and application of scenarios of biodiversity and ecosystem services across spatial scales of relevance to multiple types of decisions

Consideration of multiple dimensions of biodiversity and ecosystem services in biodiversity scenarios

### Eligibility

#### General

- Min. 3 partners from 3 different participating countries
- Project duration: 36 months
- The scope or scale of the proposed research should exceed a single country

#### Proposal

- Font size
- Page limits
- English

#### Irish - Who?

- All types of organisations are eligible
- Must be based in the Republic of Ireland
- Check the EPA Terms & Conditions and Guide for Applicants

#### Irish - How much?

- Irish researchers can request up to:
- €150,000 for partners
- €300,000 for coordinator
- €300,000 as the Total budget of ALL Irish partners within the one proposal

Please ensure that you do read the full rules ([View Call Announcement](#))

## To avoid disappointment

## Participating Countries

Argentina	Ivory Coast
Austria	Lithuania
Belgium	The Netherlands
Brazil (State of Sao Paulo only)	Norway
Bulgaria	Poland
Canada	Romania
Estonia	Slovakia
Finland	Spain
France	Sweden
Germany	Switzerland
Ireland	Turkey
	United States of America

*Researchers from other countries can also participate at their own costs.*

## Call Timeframe

## How to Apply?

Via the Electronic Proposal Submission System (EPSS)

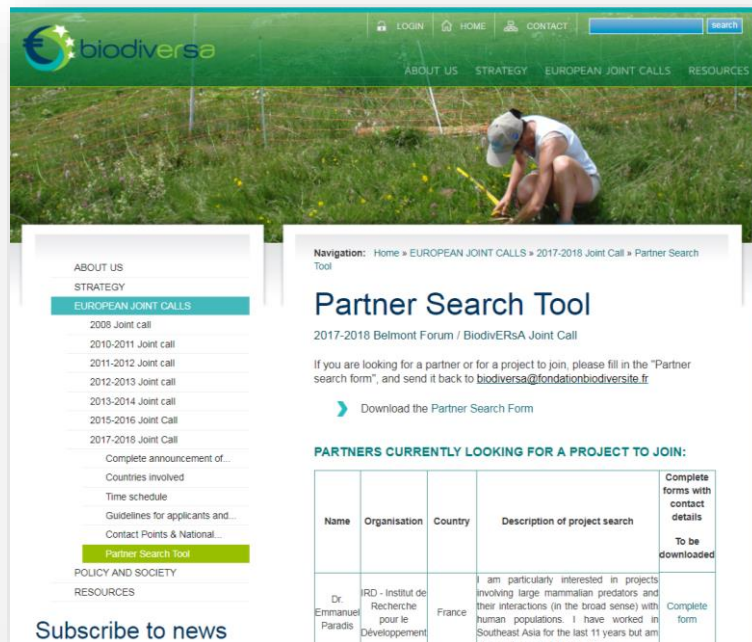

- Information (in English) on the project consortia, a 5-pages description of the project, a data management overview and the required budget for each partner.

- General Eligibility Check
- National Eligibility Check

- Full Proposal
