

EPA Circular Economy Conference
22nd September 2022

- We are an intergenerational, Irish **family business**, established in 2000 and based in Co. Kildare, Ireland
- Beginning with only **18 employees**, we now have a team in excess of **600** employees
- We specialise in crafting **award-winning** cooked meats, across our **AA BRC, Tesco Approved** sites
- We are **market leaders** and are committed to leading innovation and operating at the forefront of our industry.

Our Irish production sites have been sustainably designed with unique wetland ponds

Sustainability at OBFF: Here is Our Purpose

From the Farm to our Consumers Homes – Our Purpose covers our entire Supply Chain

Every part of our Sustainability Agenda is important to us at OBFF, where we have specific Commitments in place to support us deliver on Our Purpose:

‘Bringing Better Quality Food to Everyone, Everyday’

Our Critical Focus Areas Include:

- 1. Responsible Sourcing:** Introduced a Responsible Sourcing Policy and this year a NEW Animal Welfare Standard
- 2. Climate Action:** Setting Science Based Targets with a 1.5°C pathway.
- 3. Our People:** Making OBFF a Good Place to work is critical to us, as we are implementing new ways of work to suit our diverse workforce.

EPA Food Waste Methodology - Raised a few questions???

- Importance of understanding your Waste Streams and Where it is going?
- What is the Potential Value of each of these Waste Streams?
- What Information is needed to make more informed decisions?
- Prevent Waste Generation – Critical **1st Step** in all our actions going forward.
- Managing our Waste Streams requires **ALL** Departments across the Business...
- OBFF can/must play a role in supporting the bigger Waste Challenge – Supply Chain engagement and EPA Support.

Our OBFF Process

Food Waste Make-up

Measurement

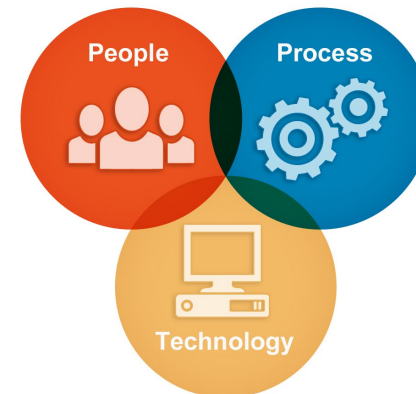

Unavoidable Waste

Setting Targets

Key Focus Areas
Across Operations

Thank You

Roger Lee-Emery

Director of Supply Chain and Operations
