

Candidate Information Booklet

Please read carefully

The Environmental Protection Agency (EPA) intends to hold an open recruitment competition for the purpose of recommending suitably qualified persons for the position of:

Competition Name: Scientific Officer I (Level 3) Climate Scientist

Post Number: 000601

Location: EPA Regional Inspectorate, Dublin & EPA Headquarters, Wexford

Closing Date: 4.00pm on Thursday 12th February 2026

The Environmental Protection Agency is an equal opportunities employer and is committed to principles of good recruiting practice.

Employing Authority: Environmental Protection Agency (EPA)
Position Title: Scientific Officer I (Level 3) Climate Scientist
Post Number: 000601
Salary Scale: €74,701 to €91,100 (PPC Rate) per annum includes provision for two Long Service Increments after three and six years respectively on the maximum of the scale for permanent staff. (A modified scale may apply to existing public/civil servants)
Annual Leave: 27 days rising to 30 after 5 years' service
Location: EPA Regional Inspectorate, Dublin & EPA Headquarters, Wexford
Panel Information: The purpose of this competition is to create a panel to fill an immediate vacancy for Scientific Officer I (Level 3) Climate Scientist in the EPA Regional Inspectorate, Dublin. The panel may be used to fill any future vacancies which arise at Scientific Officer I (Level 3) Climate Scientist in the EPA Regional Inspectorate in Dublin or EPA Headquarters in Wexford.

Our Organisation

Who We Are:

The EPA is an independent regulatory body established in 1992. Its purpose is “to protect, improve and restore our environment through regulation, scientific knowledge and working with others”. The EPA has a broad environmental remit and plays a key role in environmental regulation, provision of knowledge and advocacy for the environment.

Further information in relation to the EPA is available on our website www.epa.ie

Some of our staff at work:

Key Benefits of Working at the EPA:

You will have the opportunity to carry out purposeful work that makes a difference and impacts on our society and people. Not only do we have exciting career opportunities in many disciplines, there are also great benefits to working in the EPA. Check out some of these benefits:

Benefits package

A comprehensive benefits package is available for all staff. This includes excellent career progression opportunities with public sector pay rates, pension benefits and annual leave entitlements. We also offer a 35-hour work week which includes flexible working hours, and flexi leave for most grades. [Check out the specific benefits for this role.](#)

Blended working

The blended working model adopted by the EPA provides us with an opportunity to direct and shape the future of our work in a way that takes full advantage of this new way of working. It is one of our flexible working options and will reduce commutes, contribute to improving well-being and work-life balance.

Health and Wellbeing

The health and wellbeing of our staff is a priority for the EPA. Now more than ever we recognise the importance of caring for our mental and physical health and general wellbeing. We have an active Wellbeing Group who organise events and positive initiatives to help us stay well and create an open and supportive culture for everyone.

Continuous Professional Development

Our staff can avail of excellent learning and development opportunities, and we are fully committed to continued professional development. We offer many opportunities to develop through on the job learning, by engaging with multi-disciplinary teams across the organisation and through generous formal internal and external training. Our further education schemes include financial assistance for degrees, diplomas and masters to help you develop your career.

Equality, Diversity and Inclusion (EDI)

We are committed to creating an environment that promotes equality, diversity and inclusion. Our workforce is made up of a wide range of employees with diverse backgrounds, circumstances and skills, they are our greatest asset. Through our EDI policy and our core values and behaviours we continue to demonstrate high standards in how we attract, develop and retain staff to ensure the commitment, engagement, wellbeing and performance of our workforce.

The role and how to apply:

Overview of the Role:

The EPA is recruiting for the position of Scientific Officer I (Level 3) Climate Scientist. The immediate vacancy will be filled in the EPA Regional Inspectorate in Dublin. A panel will be created from this competition, from which future Scientific Officer I (Level 3) Climate Scientist vacancies in the EPA or the Secretariat to the Climate Change Advisory Council (CCAC) may be filled, in the EPA Regional Inspectorate in Dublin or EPA Headquarters in Wexford.

Roles filled from this will provide expertise, analysis and insight on climate change and Ireland's roles and responses to its challenges. These include consideration of the drivers and effects of climate change, and articulation of these, as well as the options to address and responses to these in the context of national regional and global policy and actions on climate change.

Candidates will have an analysis and management role as part of a multidisciplinary team of experts in areas of atmospheric and climate sciences, GHG emissions and removals and roles of short-lived climate forcers and analysis of policy responses.

The immediate vacancy is in the Climate Science Team, which is part of the EPA's Climate Change Programme within the Office of Evidence and Assessment. The Programme's objective is 'to drive the transition to climate neutrality and resilience through our evidence and engagement work'. In addition to this team, the Programme covers the following areas: Emissions Statistics (Greenhouse Gas and Air Pollutants), Climate Science and Policy, and the EU Emissions Trading system and Carbon Border Adjustment Mechanism.

The objective of the role is to lead and support the development of robust, evidence-based insights, assessments and analysis of priority issues relevant to climate change. This work will play a key role in enabling the EPA to inform and support the national discourse on climate change science and policy responses. This will focus achievement of climate neutrality, informing climate resilience and management of transitions and transformations based on fundamental sciences and associated policies and measures that are informed by science from national and international sources including the IPCC.

The Programme proactively engages with partners, including government departments, state agencies, and the academic and research communities in Ireland, Europe and Internationally will develop analysis and disseminates outputs and outcomes.

The Secretariat to the Climate Change Advisory Council supports the work of the Council across a range of its statutory functions. This includes providing independent advice based on scientific evidence to Government in regard to carbon budgets and climate change mitigation and adaptation across all relevant sectors of the economy. Successful candidates appointed to the Secretariat would focus specifically on the gathering of evidence from literature, publicly available data and reports, and directly procured research across a discrete number

of sectors in the economy and presenting this to the Council for use in its reviews and other communications.

The successful candidate will join high performing teams working in a fast paced, multifaceted, and dynamic environment delivering on the EPA's and the CCAC statutory obligations to the highest standard. The persons will be valued members of teams of analytical and technical experts from science, engineering, statistics and data analysis or similar technical backgrounds.

Reporting Arrangements: The appointee will be assigned a technical role reporting to the Senior Scientific Officer or another designated officer and will be part of a multi-disciplinary team.

Key Responsibilities will include:

- Support assessments of emerging science related to climate change, climate policy to inform and support EPA's analysis (including cross-cutting and cross sectoral analysis);
- Support the synthesize and analysis of data from various sources national, EU, UN & other international climate policy and initiatives;
- Engage with national and international research projects, initiatives and assessment processes including those being progressed by JPI Climate and the IPCC;
- Work with EU, and UN bodies and structures as appropriate including research and observational infrastructures such as GCOS, ICOS ERIC and UNECE EMEP;
- Lead the preparation of briefings, papers and publications on current and emerging issues including annual updates on key indicators;
- Communicate science, knowledge and best practice for application in the Irish context to Government Departments and other national stakeholders to support the national and sectoral climate action;
- Proactively engage with stakeholders including the Department of Environment, Climate and Communications and other Government Departments, the CSO, SEAI, ESRI, Marine Institute, Met Éireann and Teagasc;
- Travel to EU and International countries may be required as part of this position;
- Engage as appropriate the European Commission, the European Environment Agency, the EC Joint Research Centre, Copernicus and ESA and support national engagement in relevant UN bodies e.g. UNFCCC and UNECE;
- Proactively engage and collaborate with teams across the EPA's Climate Change Programme and the wider EPA to enhance the quality and reporting of national climate science.

General duties may include:

- Develop and deliver annual work programmes, including monitoring and evaluating progress and performance; managing staff and contractors; budget preparation, management and control;
- Developing and maintaining a clear understanding of relevant legislation and policy (national and international);
- Undertaking such other duties as maybe assigned from time to time.

Essential Requirements:

Candidates must have on or before **4pm on Thursday 12th February 2026**:

1. An appropriate degree (NFQ Level 8) in a relevant science or engineering discipline (e.g., climate, earth or environmental science, chemistry, physics, geography, geology, oceanography, meteorology, ecology) or equivalent experience in science or science-policy processes.
2. A minimum of five years relevant work experience, which should include significant experience in at least one of the following areas:
 - Earth and/or climate system sciences;
 - Climate change analysis/policy;
 - Climate scenario development and analysis.
3. Demonstrated record of leadership including prioritising and delivering objectives, planning, and organising resources, motivating staff to common goals, and creating a culture that values teamwork and collaboration.
4. Strong written and verbal communication skills with experience of engaging with a variety of stakeholders to communicate complex messages in plain English.
5. Driving Licence - Applicants should at the date of applying hold a full valid Irish /EU licence, for Class B vehicles, or a licence acceptable to NDLS for transfer to full Irish licence.
(<https://www.ndls.ie/help/faq.html#exchange-of-foreign-driving-licences>)

Eligibility to Compete and Certain Restrictions on Eligibility

Eligible candidates must be:

- (a) A citizen of the European Economic Area (EEA). The EEA consists of the Member States of the European Union, Iceland, Liechtenstein and Norway; or
- (b) A citizen of the United Kingdom (UK); or
- (c) A citizen of Switzerland pursuant to the agreement between the EU and Switzerland on the free movement of persons; or
- (d) A non-EEA citizen who is a spouse or child of an EEA or UK or Swiss citizen and has a stamp 4 visa; or
- (e) A person awarded international protection under the International Protection Act 2015 or any family member entitled to remain in the State as a result of family reunification and has a stamp 4 visa; or
- (f) A non-EEA citizen who is a parent of a dependent child who is a citizen of, and resident in, an EEA member state or the UK or Switzerland and has a stamp 4 visa.

Applicants must satisfy all eligibility criteria for the role by the closing date of the competition.

The EPA will use the essential criteria to shortlist candidates and scoring will be based on the information contained in the application form for the role of **Scientific Officer I (Level 3) Climate Scientist**.

Applicants must demonstrate, by reference to specific achievements in their career to date that they possess the qualities, skills and knowledge required for the role of **Scientific Officer I (Level 3) Climate Scientist**, as identified in the 'Essential requirements'.

The EPA will convene an expert board to carry out the competitive stages of the selection process to the highest standard of best practice.

In addition to the specific requirements set out above, candidates **at interview** must be able to demonstrate that they possess the required competencies identified for effective performance as set out in Appendix A:

Required Competencies

- Team Leadership
- Interpersonal and Communication Skills
- Customer and Stakeholder Focus
- Management and Delivery of Results
- Judgement, Analysis and Decision Making
- Specialist Knowledge/Expertise and Self-development

Further information regarding competencies is available in [Appendix A](#).

How to apply:

Application Forms and Candidate Information Booklets are available from the careers section on the EPA website www.epa.ie.

Please note that cover letters and CVs are not required and should not be submitted. Only applications submitted by email on the official EPA application form for this competition will be accepted. Applications will not be accepted after the closing date and late applications will be ineligible for consideration. Therefore, it is your responsibility to ensure that you have allowed adequate transmission time for receipt of your application. Applicants must ensure they retain a copy of the email submitted to including the date and time in case of any queries. Canvassing is prohibited.

Important Note: Closing Date for Applications is 4.00pm on Thursday 12th February 2026.

Email Instructions for Submitting your Application Form:

The following naming convention should be used as your **email subject heading**:

- Post Number and Post name: e.g. 000601 Scientific Officer I (Level 3) Climate Scientist.

Your application form should be **attached** to your email using the following naming convention:

- Post number and applicant name: e.g. 000601 Mary Smith
- A typed signature may be used.

Important Note: Application forms must be completed and sent to recruitment@epa.ie.

Electronic applications will be accepted in Microsoft Word or a readable PDF file format. A readable PDF file format is when a Microsoft Word document is converted to a PDF document, using the 'Saved as' function in Word and selecting the file type as '.pdf'. The PDF text should appear on the screen in the correct orientation.

Candidates with Disabilities

The EPA are an equal opportunity employer and welcomes applications from candidate with disabilities. Any candidate requiring any accommodation for interview or other elements of the selection process should notify us at recruitment@epa.ie so that appropriate arrangements can be made. All information disclosed will be kept confidential.

Selection Information

The EPA will use the Information in the application form to shortlist candidates and scoring will be based on the information contained in the application form for the role of **Scientific Officer I (Level 3) Climate Scientist**. Applicants must demonstrate, by reference to specific achievements in their career to date, that they possess the qualities, skills and knowledge required for the role.

The EPA will convene an expert board to carry out the competitive stages of the selection process to the highest standard of best practice. Interviews are likely to be held in person or virtual in March 2026.

For more information in relation to the selection process please see **Appendix B**.

Important Notice

The above represents the principal conditions of service and is not intended to be the comprehensive list of all terms and conditions of employment which will be set out in the employment contract to be agreed with the successful candidate.

Confidentiality and Freedom of Information

Subject to the provisions of the Freedom of Information Act, 2014, applications will be treated in strict confidence. All enquires, applications and all aspects of the proceedings are treated as strictly confidential and are not disclosed to anyone, outside those directly involved in that aspect of the process. Personal information supplied by applicants may be stored by electronic means e.g., in a database, for use solely for the purposes of processing your candidature and should you be successful, retained by the EPA's HR Team for employment purposes. Certain items of information, not specific to any individual, are extracted from computer records for general statistical purposes. The provisions of the Data Protection Act, 1988 - 2018 will be fully complied with. Candidate records are retained electronically for a period of one year.

Salary and Benefits

Remuneration:

Salary Scale: *€74,701 to €91,100 (PPC Rate) per annum includes provision for two Long Service Increments after three and six years respectively on the maximum of the scale for permanent staff.

*(A modified scale may apply to existing public/civil servants)

Candidates should note that new appointments will be at the minimum of the scale and the rate of remuneration will not be subject to negotiation and may be adjusted from time to time in line with Government pay policy. Long service increments may be payable after three (LSI-1) and six (LSI-2) years of satisfactory service at the maximum of the scale.

Increments are normally awarded annually subject to satisfactory performance; however, payment of increments and or the rate of remuneration may be adjusted from time to time in line with Government pay policy.

Important Note: Candidates should note that different salary terms and conditions may apply if, immediately prior to appointment, the appointee is/was a serving civil or public servant.

Annual Leave

27 days rising to 30 after 5 years' service.

Tenure

The term of appointment for the role will be permanent and pensionable. The appointee will be required to serve a twelve-month probationary period. If at any time during this probation it appears that the appointee would not be suitable for final appointment, the probation will be terminated.

Hours of Attendance

Hours of attendance at work will be arranged from time to time by the EPA and will amount to 35 hours net per week. Normal working hours will be 9.00 a.m. to 5.00 p.m. with a minimum of 30 minutes for lunch. The EPA operates of a flexible working hours scheme for all staff. Flexi leave will apply to all grades up to and including Level 3.

Blended Working Policy

Blended working is part of the EPA commitment to be an employer of choice, and it supports the organisation's ability to retain and attract high quality talent.

The EPA has a blended working model. Entitlement to blended working varies depending on the staff member's role.

Further information on the EPA's blended working model is available upon request.

Business Travel

When absent from place of work on duty appropriate travelling expenses and subsistence allowances will be paid subject to the normal Department of Public Expenditure and Reform regulations.

Sick Leave

Pay during properly certified sick absence, provided there is no evidence of permanent disability for service, will apply on a pro-rata basis, in accordance with the provisions of the Public Service Sick Leave Scheme.

Superannuation and Retirement

The successful candidate will be offered the appropriate superannuation terms and conditions as prevailing in the Civil Service at the time of being offered an appointment. In general, an appointee who has never worked in the Public Service will be offered appointment based on membership of the Single Public Service Pension Scheme ("Single Scheme"). Full details of the scheme are at www.singlepensionscheme.gov.ie.

Where the appointee has worked in a pensionable (non-single scheme terms) public service job in the 26 weeks prior to appointment or is currently on a career break or special leave with/without pay different terms may apply. The pension entitlement of such appointees will be established in the context of their public service employment history.

Declaration

Applicants will be required to declare whether they have previously availed of a Public Service Scheme of incentivised early retirement. Applicants will also be required to declare any entitlements to a Public Service pension benefit (in payment or preserved) from any other Public Service employment and/or where they have received a payment-in-lieu in respect of service in any Public Service employment.

Pension Abatement

If an appointee has previously been employed in the Civil or Public service and that appointee is entitled to or in receipt of a pension from the Civil or Public Service or where a Civil/Public Service pension comes into payment during the appointee's re-employment that pension will be subject to abatement in accordance with Section 52 of the Public Service Pensions (Single Scheme and other Provisions) Act 2012.

Please note: In applying for this position, you are acknowledging that you understand that the abatement provisions, where relevant, will apply. It is not envisaged that the employing Body will support an application for an abatement waiver in respect of appointments to this position.

Appendix A

Level 3 Competencies — Effective Performance Indicators

 Team Leadership	<ul style="list-style-type: none"> Leads the team by example, coaching and supporting individuals as required. Maintains a positive atmosphere in the team, even at times of particular pressure. Credits individual contribution and acknowledges team accomplishments. Shares information across teams and encourages others to do so. Recognises the impact their team has on the performance of other teams and their targets. Facilitates the discussion and resolution of conflicts or disagreements. Sets and ensures performance goals are met. Understands the value of diversity and encourages contributions and involvement from all.
 Customer & Stakeholder Focus	<ul style="list-style-type: none"> Instils a strong focus on customer service within his or her team. Is comfortable, confident, and effective in all customer / stakeholder situations. Has an awareness of the need to balance the customers and stakeholders' needs with EPA business goals, including fiscal performance goals. Gathers and monitors customer's and stakeholders' feedback and actions accordingly. Reviews policies and practices to ensure customer's and stakeholders' needs are being met to a high standard. Keeps up to date on wider issues that may have an impact on the service provided to customers and stakeholders.

Role models continuous learning and development, including specialist, leadership, management and people skills. Provides regular informal constructive feedback on performance to team members. Develops team members, devoting time to coach and mentor others to meet organisation needs.

EPA — Competency Framework 2020

Appendix B

Further Information on the EPA's Selection Process:

Application:

Application Forms and Candidate Information Booklets are available from the careers section on the EPA website www.epa.ie. Application forms must be completed and sent to recruitment@epa.ie.

Only applications submitted by email on the official EPA application form for this competition will be accepted. Applications sent to other email addresses will not be considered. Please note that cover letters and CVs are not required and should not be submitted. Canvassing is prohibited.

Please Note:

Applications will not be accepted after the closing date and late applications will be ineligible for consideration. Therefore, it is your responsibility to ensure that you have allowed adequate transmission time for receipt of your application. Applicants must ensure they retain a copy of the email submitted including the date and time in case of any queries.

An acknowledgement email will generally be issued in respect of all applications received (simply acknowledging receipt and it will not confirm eligibility or otherwise). If an applicant does not receive an acknowledgement email within 2 working days of date of submission, the applicant should contact recruitment@epa.ie to ensure the application has been received.

The EPA accepts no responsibility for communication not accessed or received by an Applicant. Notification to attend interview will issue at least one week in advance. Candidates who do not attend for interview when and where required, will have no claim for further consideration and their candidature will be deemed to be withdrawn.

The EPA will not be responsible for any expenses, including travelling expenses, candidates may incur in connection with this competition.

Candidates must produce satisfactory documentary evidence of all qualifications and visa (if applicable) claimed by them, on request. Failure to produce such documentary evidence when requested may lead to disqualification from the competition and/or termination of contract. Therefore, it is advised that you have this documentation available to you when making your application.

Should the person recommended for appointment decline, or having accepted it, relinquish it, the EPA may, at its discretion, select and recommend another person for appointment on the results of this selection process.

Shortlisting

Normally the number of applicants exceeds the numbers required to fill existing and future vacancies to that position. This means that while you may meet the eligibility requirements of the competition, if the numbers applying are such that it would not be practical to interview everyone, the EPA may decide to invite a smaller number to interview. The EPA will conduct a shortlisting process to select a group that based upon examination of the application forms, appear to be the most suitable for the role. This is not to suggest that other candidates are necessarily unsuitable, or incapable of undertaking the job, rather that there are some candidates who are, *prima facie*, better qualified and/or have more relevant experience.

An expert board will examine the application forms against pre-determined criteria based on the requirements of the position. It is therefore in your own interest to provide a detailed and accurate account of your qualifications/ experience in your application and to fully demonstrate your ability to carry out the role outlined.

Interviews

A competency interview will be the final stage of the selection process. An Interview Board will be appointed by the EPA to conduct the interviews. The interview will be based upon the EPA core competencies and the technical requirements for the role. Candidates invited for interview should familiarise themselves with the EPA competency framework for the **Level 3**. A description of the competencies is set out in Appendix A.

Appointment from Panel

Through this competition, the EPA will establish a panel of the successful candidates in order of merit. The panel will expire after a set period from its establishment (usually twelve months), or when it has been exhausted, whichever is sooner. Qualification and placement on a panel is not a guarantee of appointment to a position. Candidates not placed at the expiry of the panel will have no claim to a position thereafter because of having been on the panel.

References

Prior to confirming an appointment, the EPA will make all such enquires deemed necessary, to determine the suitability of the candidate. The EPA will only contact the referees provided in your application should you come under consideration after the interview stage. Please note, should you be successful at final interview, we will require a reference from your current employer prior to confirming appointment. Successful candidates will be required to

complete a number of clearance processes such as health declaration or medical and any other relevant checks required for the particular role. Records are retained electronically for a period of one year.

Candidates Obligations

Candidates must:

- Have the knowledge and ability to discharge the duties of the post concerned.
 - Be suitable on the grounds of character.
 - Be suitable in all other relevant respects for appointment to the post concerned
- and if successful, they will not be appointed to the post unless they:
- Agree to undertake the duties attached to the post and accept the conditions under which the duties are, or may be required to be, performed.
 - Are fully competent and available to undertake, and fully capable of undertaking, the duties attached to the position.

Candidates in the recruitment process must not:

- knowingly or recklessly provide false information.
- canvass any person with or without inducements.
- interfere with or compromise the process in any way.
- record the interview or any feedback conversations.

Candidates who are found in breach of any of the above, will be disqualified from the campaign and any offer of employment may be revoked/terminated.

A third party must not impersonate a candidate at any stage of the process.

It is important to remember that this is a competitive process for a role where integrity is paramount. Sharing information on the selection process e.g. through social media or any other means, may result in you being disqualified from the competition.

Feedback

Feedback in relation to the selection process is available on request.

Canvassing

Canvassing is prohibited and will result in disqualification from the competition.

Candidate review procedures in respect of the selection process

A request for review may be made by a candidate against a decision of the Agency. The review process is split into informal and formal stages. All requests for a review will be addressed using the informal process in the first instance. If, following the informal process, a candidate is subsequently not satisfied with the outcome, they can request a formal review process.

Informal Review

A request for an informal review at shortlisting stage in the process must be made within two days of notification of the decision. This request must be submitted by email to recruitment@epa.ie. On receipt of a request, an informal reviewer will be appointed. The role of the informal reviewer is to determine whether, in their opinion, the original decision was made appropriately, on the basis of the correct information and in line with documented procedure.

On foot of a preliminary examination of the available evidence the reviewer will establish whether, in their opinion, the original decision should be upheld.

As per best practice, the role of the informal reviewer is not to reassess or remark the candidate, but rather to establish, on foot of the available information, whether they consider:

- The procedures set out for the selection process were followed correctly
- The original decision was made on the basis of correct and full information
- The original decision was made appropriately.

If the candidate is not satisfied with the outcome of the informal process, they can request a formal review. The candidate must invoke the formal process within two working days of the notification of the outcome of the informal process.

Formal Review of the Selection Process

A request for a formal review must be submitted by email to recruitment@epa.ie. When making a request for a formal review, a candidate must support their request by outlining the facts they believe show that the action taken, or decision reached was wrong. A request for review may be refused if the candidate cannot support their request.

The HR unit will appoint two formal reviewers. These will be independent people who have an understanding of the recruitment and selection process. The formal review will be a more thorough examination of all relevant available information.

Following an examination of all relevant information the reviewers will issue a decision on the formal review. The reviewers will decide if the original decision was made on the basis of correct information and if documented procedure was followed. The outcome will be notified to the candidate within ten working days or within 5 days where the decision relates to a shortlisting decision.

As per best practice, the role of the informal reviewer is not to reassess or remark the candidate. The role of the reviewer is to establish, on foot of the available information, whether he/she considers:

- The procedures set out for the selection process were followed correctly
- The original decision was made on the basis of correct and full information
- The original decision was made appropriately.
