

**This Appropriate Assessment Screening Determination has been withdrawn by the Agency. A new Appropriate Assessment Screening Determination has been made dated 05 May 2022.**

## Appropriate Assessment Screening Determination

In accordance with Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 as amended, the Agency has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the industrial plant, individually or in combination with other plans or projects is likely to have a significant effect on European Sites. In this context, particular attention was paid to the European Sites listed below.

### Consent Details:

<b>Appeal Register No.</b>	E0010-01
<b>Local Authority Register No.</b>	AP20-01
<b>Applicant Name:</b>	Roadstone Ltd.
<b>Type of Consent:</b>	Licence under the Air Pollution Act, 1987
<b>Location of industrial plant:</b>	Clasheen, Killarney, Co. Kerry
<b>Licence Grant Date:</b>	18 May 2021
<b>European Sites assessed:</b>	Killarney National Park, Macgillycuddy's Reeks and Caragh River Catchment SAC (000365)
	Sheheree (Ardagh) Bog SAC (000382)
	Killarney National Park SPA (004038)
<b>Date of AA Screening Determination:</b>	06 April 2022

### AA Screening Determination:

That the industrial plant not directly connected with or necessary to the management of any European site and that it cannot be excluded, on the basis of objective information, that the industrial plant, individually or in combination with other plans or projects, will have a significant effect on any European site and accordingly determined that an Appropriate Assessment of the industrial plant is required.

This determination is based on the proximity of the industrial plant to European Sites and the potential for significant effects on their qualifying interests.
