

***Extract from the Minutes of the 735th Licensing Meeting of the Environmental Protection Agency, held on 10 June 2013
at EPA Headquarters, Johnstown Castle Estate, Co Wexford.***

1. The 735th Licensing Meeting of the Agency was held on 10 June 2013, in EPA Headquarters, Johnstown Castle Estate, Co Wexford.

Directors Present: L Burke (Chair) (via Video Conference).
D Lynott, M Ó Cinnéide & G O’Leary

4. **Request to amend Consent Conditions for Notification No. B/IE/12/02(G0493-01)**
The Directors considered documentation from the Office of Climate Licensing, Research and Resource Use seeking approval to amend the Consent Conditions for Notification No. B/IE/12/02 (G0493-01) in respect of the deliberate release of a GM vaccine *Equilis RhodE* (for the treatment of *Rhodococcus equi* in foals) into the environment for purposes other than for placing on the market (veterinary trial). Bernadette Murray gave a verbal presentation. The Directors noted that the notifier is required to inform the Agency of new information that becomes available or any unintended change to the deliberate release which could have consequences for risks to human health or the environmental. The Directors further noted that unforeseen external events have resulted in the notifier requesting an amendment to the Consent Conditions. Following discussion the Directors noted the information as detailed in the Memorandum dated 6 June 2013 and agreed to amend Condition 6.8 of the Consent as follows; ‘No horse (Other than those in the trial foals have been moved from the release site *unless otherwise agreed by the Agency.*’
